

Verimatrix Shortlisted for Two 2021 CSI Awards

Verimatrix Multi-DRM stands as a finalist for Best Content Protection Technology and Best Cloud or Virtualization Innovation

Aix-en-Provence, France and San Diego, USA, August 10, 2021 – [Verimatrix](#), (Euronext Paris: VMX), the leader in powering the modern connected world with people-centered security, today announced that its [Verimatrix Multi-DRM Core](#) is shortlisted in two categories for the prestigious [2021 CSI Awards](#). An annual program organized by CSI Magazine (Cable and Satellite International Magazine), the awards celebrate excellence and achievement throughout the industry's multiple sectors.

Listed as finalists in the Best Content Protection Technology and Best Cloud or Virtualization Innovation categories, Verimatrix Multi-DRM Core allows the delivery of secure premium content in minutes. A cloud-native DRM solution, Multi-DRM Core is truly multi-tenant and elastic to reduce costs and flexibly adapt to specific needs and events.

“Verimatrix is honored to participate in this year’s CSI Awards and be named in the shortlist for two categories,” said [Asaf Ashkenazi](#), Chief Operating Officer at Verimatrix. “Our customers trust us to provide a high-quality experience for their customers while maximizing efficiency, flexibility and ease of use. Our customers routinely tell us that Verimatrix provides the needed mix of expertise, speed and cost-effectiveness that today’s content delivery demands.”

Established in 2003, the CSI awards are among the most prestigious and competitive technology awards in the industry, designed to recognize and reward innovation and excellence in the cable, satellite, broadcast, IPTV, telco, broadband/OTT video, mobile TV and associated sectors. This year’s CSI Awards winners are scheduled to be announced on September 23, 2021 during a special online event. For more information, visit www.csimagazine.com/awards.
