

Verimatrix XTD Wins 2023 Global Infosec Award

Award program taps Verimatrix a 'Hot Company in Mobile App Security'

Aix-en-Provence, France and San Diego, USA, April 26, 2023 – [Verimatrix](#), (Euronext Paris: VMX), the leader in powering the modern connected world with people-centered security, today announced that [Verimatrix XTD](#) (Extended Threat Defense) won a 2023 Global Infosec Award from [Cyber Defense Magazine](#) (CDM), one of the industry's premier sources of cyber security news in business and government.

Recognized in the award program's Hot Company in Mobile App Security category, the Verimatrix XTD accolade underscores its uniquely powerful innovations that make it possible for organizations to protect their mobile apps simply and cost-effectively against threat actors who seek to use them as pathways to attack the connected enterprise and/or its customers.

"We scoured the globe looking for cybersecurity innovators that could make a huge difference and potentially help turn the tide against the exponential growth in cybercrime," said [Yan Ross](#), Editor of Cyber Defense Magazine. "Verimatrix, as a Hot Company in Mobile App Security, is absolutely worthy of this coveted award and consideration for deployment in your environment."

"As the number of mobile apps grow, so does the attack surface," said [Juha Högmänder](#), vice president of the cybersecurity business at Verimatrix. "Verimatrix XTD is our new cybersecurity product that shields Android & iOS apps with polymorphic protection, then detects and responds to threats from devices connecting to an enterprise's critical infrastructure. We are gratified to receive this honor from CDM's Global Infosec Awards program."
