## Inside Secure CEO, Remy de Tonnac, to Deliver Keynote Speech at 2015 Mobey Forum Global Financial Event

Inside Secure, Principle Event Sponsor, and other Leading Companies Including MasterCard Worldwide, Will Join Forces to Present the future of payments and technologies in Toronto May 19-21

**Aix-en-Provence, France, May 13, 2015** – Inside Secure (NYSE Euronext : INSD), a leader in embedded security solutions for mobile and connected devices, today announced Inside Secure CEO, Rémy de Tonnac, will open the [Mobey Forum](#) Members Conference as keynote speaker. His presentation titled “*Mobile Finance Breaks Free*” will address cutting-edge developments around secure payments & mobile banking technologies to leading members of the mobile financial services community. The [Mobey Forum](#) Members Conference will be held in Toronto Canada, May 19-21, 2015 and is hosted by Inside Secure and co-sponsored by MasterCard Worldwide. The event will include a variety of presentations that focus on how the banking sector landscape is changing with new technologies like software, new form factors (ex: wearable) and biometrics and will address other various topics like mobile security.

In addition, Inside Secure VP of Business Development, Douglas Kinloch, will chair a participant discussion at the Wednesday afternoon, Expert Tables on “*Wearables, automotive and other mobile things that will transact? Looking beyond HCE, the principles are applicable far wider than just a phone or a watch.*” Thursday morning Bastien Latge, Inside Secure’s Product Management Director for Mobile Software Security and Payment, will also co-host a Breakfast Workshop titled “*How digitization is affecting banks’ strategic approaches and tactics in engaging their customers.*”

“Inside Secure is both excited and honored hosting this prestigious financial industry gathering, joined by MasterCard Worldwide as co-sponsor,” said Rémy de Tonnac, CEO of Inside Secure. “Leading innovators and financial experts will meet with one thing in mind—customer engagement through enhanced functionality, superior performance and security at the heart of all mobile devices.”

### WHAT:

Attendees can expect the front-runners and visionary minds in payments and technology to share their insight and expertise. Examples of the topics to be covered include:

- The mobile payments landscape: HCE and beyond
- Shifting power structures
- Impacts on business models
- Smart devices with embedded secure elements

### WHO:

Keynote speaker, Rémy de Tonnac, is the CEO for Inside Secure. Prior to being appointed CEO of the Company in 2006, Rémy de Tonnac was a Venture Partner at Vertex Venture Capital in London. He represented Vertex within numerous technology companies in the firm’s portfolio and served as Chairman of the Supervisory Board of the Company from 2002 to 2006. Previously, Rémy carried out several management roles at Gemplus, having joined the smart card provider at its inception in 1987. He began his illustrious career at Compagnie Générale des Eaux (a major French utility company) in 1982, before moving to Thomson Semiconducteurs (which became SGS-Thomson and is now known as STMicroelectronics). Rémy is a graduate of Lille’s Ecole centrale and holds a degree in economics from Lille University.
